Dillon™

series 906

The Dillon collection is a casual, lifestyle boy's group created to offer you a furniture collection with lots of options and unique storage bed configurations.

Dillon is constructed using pine solids and veneers with a distressed brown cherry finish. The hardware is a recessed metal pull in a gunmetal grey color finish, adding to the overall casual appeal. The design features thick drawer fronts, heavy top panels and framed end panels accented with a bead board motif that is also found on the beds.

Beds are the key ingredient in Dillon. The simple Platform Bed that includes a slat pack is a starting bed that will fit any child's room and also works as the foundation for adding additional sleep, study and storage pieces.

Add a Twin or Full size Panel Headboard, a Bookcase Headboard or use a Twin or Full size Bunk or the Twin size loft to create multiple options. And then continue building from there by adding a Twin or Full size Footboard Dresser or add a desk at the foot of the bed. Or create two sleeping areas by combining the Corner unit and two Platform Beds on each end.

Whatever your room requirements are, we have the bed that fits your style and room.
